

Information Management Resources, Inc. (IMRI), headquartered in Aliso Viejo, Calif., provides Cyber Security, Technology, Program Management, and Engineering services to federal government agencies and commercial clients. Founded in 1992, IMRI is ranked this year by Inc. Magazine as one of the fastest growing private companies in America that has successfully delivered more than \$110 million in Technology and Engineering services.

IMRI has provided support to a multitude of customers including: NASA, Department of Homeland Security (DHS), Defense Information Systems Agency (DISA), Navy, Army, Office of the Deputy Undersecretary of Defense (ODUSD), and Department of Commerce (DoC), state and local entities, and Fortune 500 clients. IMRI has received numerous awards from its customers for providing exceptional service and high quality consulting and technology solutions. We streamline operations, reduce costs, adhere to schedules, and achieve and surpass desired performance and outcomes.
